SCARE ZONES	
	<b>Ghost Town Streets</b> Where Scary Farm began! Traverse the dark streets of Calico, where the creatures of the night are waiting for you.
	<b>Forsaken Lake</b> The waters that once hid the submerged corpses have receded, and the dead are rising. Each night brings new terrors as a funeral procession makes its way to the spirit world.
	<b>CarnEvil</b> Step right up and come face to face with your worst nightmares. Clowns and circus freaks have taken over the largest scare zone in the park and are eagerly awaiting their next performance.
	<b>The Gauntlet</b> In this reimagined version of the fan favorite, guests will again encounter the King and Queen of the realm, maniacal Jesters, brutal Barbarians, wicked Wizards, and lawless Peasants, but they've all returned with an onslaught of fresh terror.
	<b>GORE-ing 20's</b> Back in the 1920s, the revelers at The Blind Tiger danced their way into oblivion when their decadence brought upon them a deadly curse. Now, once a year, the spirits of the past are allowed to return and continue their deadly dance.

INDOOR MAZES	
	<b>Wax Works</b> A sinister figure has been tinkering at night...the screams of his victims have been drowned out in a cauldron of bubbling wax.
	<b>The Depths</b> Follow in the steps of a doomed mining team as you plunge deeper and deeper into the catacombs beneath the sinister seaside town.
	<b>Bloodline: 1842</b> Armed with only your wits and courage, find the remaining Daybreakers and help destroy the King of the Valhymphri...for the last stand is here!
	<b>Dark Entities</b> Strange forces have taken over, and the space station crew has been transformed into multi-dimensional mutants with evil extraterrestrials lurking around every corner.
	<b>The Grimoire</b> Escape the horror of the demonic Hellhounds and the evil creatures that the mysterious book has released, or have your soul eternally trapped within the pages of the next chapter!
	<b>Origins - The Curse of Calico</b> Journey back in time to unearth where it all began. All will be revealed as the Green Witch rises and curses those who have accused her.
	<b>Room 13</b> A dangerous new cocktail, The Devil's Elixir, seems to be at the root of the mayhem, but where did it come from? The answers may lie in the Argive Hotel, where many have checked in... but none have checked out.
	<b>Cinema Slasher</b> Venturing through the mystical Midnight Theater, guests travel through the silver screen and into a trilogy of horror films. The conniving theater wickedly opens its doors, daring those brave enough to enter Cinema Slasher!
	<b>Mesmer: Sideshow of the Mind</b> Do your fears grip you? Does panic, phobias, and other psychic pathologies paralyze you? Enter the professor's dark world of hypnosis and come face to face with what lies beyond.
	<b>The Chilling Chambers</b> In honor of the first maze in Knott's Scary Farm's prestigious history, this horrific new attraction pays homage to Scary Farm's past, while terrorizing today's audience and unleashing 50 years of modern terror.
