SCARE ZONES	
 Ghost Town Streets Where Scary Farm began! Traverse the dark streets of Calico, where the creatures of the night are waiting for you.	 The Gauntlet In this reimagined version of the fan favorite, guests will again encounter the King and Queen of the realm, maniacal Jesters, brutal Barbarians, wicked Wizards, and lawless Peasants, but they've all returned with an onslaught of fresh terror.
 Forsaken Lake The waters that once hid the submerged corpses have receded, and the dead are rising. Each night brings new terrors as a funeral procession makes its way to the spirit world.	 GORE-ing 20s Back in the 1920s, the revelers at The Blind Tiger danced their way into oblivion when their decadence brought upon them a deadly curse. Now, once a year, the spirits of the past are allowed to return and continue their deadly dance.
 CarnEvil Step right up and come face to face with your worst nightmares. Clowns and circus freaks have taken over the largest scare zone in the park and are eagerly awaiting their next performance.	

INDOOR MAZES	
 Wax Works A sinister figure has been tinkering at night...the screams of his victims have been drowned out in a cauldron of bubbling wax.	
 Widows The spider-possessed residents of the convalescent home are preparing a special place for you. Enter their web and succumb to their dark desires.	
 Bloodline: 1842 Armed with only your wits and courage, find the remaining Daybreakers and help destroy the King of the Valhymphri...for the last stand is here!	
 Eight Fingers Nine: The Boogeyman As night descends, Eight Fingers Nine emerges from the shadows in search of fresh meat. Step lively and beware of the dark, or you may be the main course at his next meal!	
 The Grimoire Escape the horror of the demonic Hellhounds and the evil creatures that the mysterious book has released, or have your soul eternally trapped within the pages of the next chapter!	
 Origins - The Curse of Calico Journey back in time to unearth where it all began. All will be revealed as the Green Witch rises and curses those who have accused her.	
 Room 13 A dangerous new cocktail, The Devil's Elixir, seems to be at the root of the mayhem, but where did it come from? The answers may lie at in the Argive Hotel, where many have checked in... but none have checked out.	
 Cinema Slasher Venturing through the mystical Midnight Theater, guests travel through the silver screen and into a trilogy of horror films. The conniving theater wickedly opens its doors, daring those brave enough to enter Cinema Slasher!	
 Mesmer: Sideshow of the Mind Do your fears grip you? Does panic, phobias, and other psychic pathologies paralyze you? Enter the professor's dark world of hypnosis and come face to face with what lies beyond.	
 The Chilling Chambers Guided by an ominous caretaker of the conservatory of horrors, guests are thrust beyond the threshold of a towering cathedral that leads to horrifying classic maze themes from Knott's Scary Farm's renowned history.
